

TALQUIN ELECTRIC COOPERATIVE, INC.

COMMERCIAL ELECTRIC VEHICLE CHARGING SERVICE

RATE SCHEDULE CEV

AVAILABILITY:

Availability throughout the entire territory served by the Cooperative in accordance with the Cooperative's Rules and Regulations for Electric Service.

APPLICABLE:

To electric service for the exclusive purpose of serving separately metered electric vehicle charging stations accessible to the public where the measured monthly KW demand is 1,000 KW or less. Applicability of this rate schedule for KW demands more than 1,000 KW is at the discretion of the Cooperative.

This rate schedule is experimental and may be modified or discontinued by the Cooperative at any time after providing sixty days written notice.

CHARACTER OF SERVICE:

Single phase or three phase, 60 Hertz, at one available standard voltage, at a single point of delivery.

CONDITIONS OF SERVICE:

1. Cooperative must receive documentation verifying the electric service provided herein is for qualified plug-in electric vehicle chargers, which are manufactured primarily for use on public streets, roads, and highways. Charging of electric scooters, electric bicycles, golf carts, and motorized electric wheelchairs are eligible for service under this rate schedule.
2. An audit of the facilities interconnected may occur at any time to verify that only qualified plug-in electric vehicle chargers are connected.
3. Charging stations shall be on a dedicated circuit breaker and follow all applicable codes and regulations.
4. An upfront non-refundable contribution in aid of construction is required for the installed cost of all dedicated facilities provided by the Cooperative for service hereunder.
5. Service is subject to Cooperative's Rules and Regulations for Electric Service.
