The Talquin Electric Cooperative, Inc. and Talquin Water & Wastewater, Inc. Boards regularly schedule their workshops on the 1st Monday of each month and meetings on the 3rd Wednesday of each month at the Headquarters' Office in Quincy, FL at 6:30 PM. If necessary, an Executive Session may be held in conjunction with any regular meeting, special meeting, or workshop. Notice of any changes will be listed at <https://www.talquinelectric.com/about/board-meetings-workshops/>.

# Seminole Electric Cooperative & Talquin Electric Cooperative

Just as rural residents joined together to form Florida's first distribution electric cooperatives in the 1930s and 1940s, a group of Florida distribution cooperatives decided to create their own generation and transmission cooperative (G&T).

Tracy Bensley  
General Manager

In 1948, Seminole Electric Cooperative was incorporated to purchase power in bulk for its Member distribution cooperatives. In 1978, Seminole began the process to build, own, and operate its first power plant, the Seminole Generation Station.

Today, Seminole is one of the largest G&Ts in the country. Its purpose is to provide safe, affordable, and reliable electricity to its nine distribution electric cooperative Members, including Talquin Electric Cooperative. Collectively, Seminole and its Members serve approximately 1.8 million people and businesses in parts of 42 Florida counties.

Although it is also an electric cooperative, Seminole operates differently than Talquin. Seminole is a G&T electric cooperative, which means Seminole owns and operates the primary generating facilities (also called power plants), and purchases power from the energy grid to provide electricity to Talquin to meet its power needs as well as the needs of its other eight Member cooperatives. Seminole also secures transmission service for the electricity it provides to Member cooperatives. A distribution electric cooperative like Talquin Electric Cooperative connects the bulk supplies provided by G&Ts to homes and businesses at a local distribution level (your home or business).

Seminole is governed by a 27-member board of trustees composed of three trustees from each Member cooperative. Seminole trustees representing Talquin are Clifford Bristol, Carla Pararo, and Tracy Bensley.

Similar to cooperative members attending Talquin's Annual Member Meeting to vote on issues that affect the cooperative, Seminole's Board of Trustees vote on issues and topics affecting Seminole and its Member cooperatives. The board also selects Seminole's CEO and general manager, who oversees the day-to-day operations of the G&T.

Seminole Electric Cooperative is dedicated to providing its Member cooperatives with safe, affordable, reliable electricity, now and into the future.

For more information on Seminole and its Member cooperatives visit, [www.seminole-electric.com](http://www.seminole-electric.com).

# 2022 ANNUAL MEETING

It is time for our 82nd Annual Meeting! Due to last year's success with mail-in voting, Talquin's Board of Trustees elected to again utilize mail-in voting for the 2022 Trustee elections. Beginning March 23rd, the Annual Meeting Notice will be mailed to all current Members. In addition to information about the virtual Annual Meeting, your Annual Meeting Notice contains your mail-in ballot and a pre-paid, addressed return envelope. Survey & Ballot Systems, a third party election management firm, will count ballots. Please do not drop off or mail any ballots to Talquin offices. Only ballots received by Survey & Ballot systems will be counted. For replacement ballots, please email Talquin at [memberfeedback@talquinelectric.com](mailto:memberfeedback@talquinelectric.com).

The 2022 Annual Meeting will be held virtually beginning at 10:00 AM Eastern on Saturday, April 30, 2022. Links to the Annual Meeting livestream can be accessed on our website, [www.talquinelectric.com](http://www.talquinelectric.com), or Facebook. Please call (850) 627-7651 or email [memberfeedback@talquinelectric.com](mailto:memberfeedback@talquinelectric.com) if you have any questions.

## BOARD OF TRUSTEE CANDIDATES

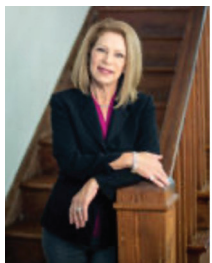

*Per the Bylaws of the Cooperative, each Member shall be entitled to only one vote per District – for a total of three votes. Joint Memberships are allowed only one vote, whether separately or jointly. Only persons who are Members of the Cooperative are allowed to vote. A spouse or family member cannot vote in the place of the Member.*

*The following candidates have been nominated to serve on the Board of Trustees and will be voted on:*

**District 2 David Wright**  
1194 Solomon Dairy Road, Quincy, FL 32352  
(Incumbent)

David Wright is the Trustee from District 2, northwest Gadsden County, where he lives on his farm with his wife, Debbie. He and his family have lived in Gadsden County for 45 years. He is a Professor of Agronomy for the University of Florida's North Florida Research and Education Center in Quincy, holds a Ph.D. in Agronomy from Virginia Tech, and is a Credentialed Director through NRECA.

**District 5 Carla Pararo**  
1050 Winfield Forest Drive, Tallahassee, FL 32317  
(Incumbent)

Mrs. Pararo is the Trustee from District 5, northeast Leon County. She has lived in Tallahassee since 1964, graduated from Leon High School, and attended TCC with an emphasis in business. She retired as an independent contractor from the Social Security Administration in 2021. Mrs. Pararo has been a Talquin Member since 1992, and she served the Membership on the Talquin Election Committee for 12 years prior to her election to the Talquin Board of Trustees in 2016. She also serves on the Board of Trustees of Seminole Electric Cooperative, Talquin's primary generation, and transmission provider. Mrs. Pararo is a Credentialed Cooperative Director and holds a Board Leadership Certificate from the National Rural Electric Cooperative Association.

**District 8 Clifford Bristol**  
15333 N.W. CR 12, Bristol, FL 32321  
(Incumbent)

Mr. Bristol is the Trustee from District 8, Liberty County, and part of Wakulla County. He holds a Bachelor of Science Degree from Clemson University and an M.D. Degree from the University of Miami. He completed a residency in Family Medicine and a fellowship in OB and Pediatrics from Tallahassee Memorial Hospital. He moved to Liberty County and opened his medical practice in Blountstown in 1980, and retired after 36 years in practice. Mr. Bristol is a Credentialed Director and holds a Board Leadership Certificate through the NRECA. He currently serves as Vice President of Talquin's Board of Trustees and is one of Talquin's representatives to Seminole Electric Cooperative's Board. He has been married to his wife, Lisa, for 37 years. They have two daughters, Natalie and Anna Jo, and three grandchildren.

# Unclaimed Capital Credits

A portion of the Capital Credit refund checks mailed by Talquin in December, 2021, have been returned unclaimed. If your name is listed here, please contact the Cooperative to verify ownership and provide your current mailing address. If you believe you know the current address of someone listed here, the Cooperative would greatly appreciate you asking them to contact the Cooperative. If you recognize the name of a deceased family Member and wish to file a claim for the capital credits, please submit a certified death certificate at any of our Member Service Offices. For more information call 850-627-7651.

## Member Survey Winners

Thank you to everyone who participated in our recent Member Survey. We greatly appreciate hearing your opinions, comments, and feedback. We work to improve the quality of life of those we serve, and your voice assists us in learning about ways we can better serve Talquin Members. Congratulations to the winners of the \$100 gift cards:

**Era Dawkins**  
**Rebecca Yawn**  
**Michael Law**  
**Jose Zabala**  
**William Montford**

**Candace Beauvais**  
**Ronald Price**  
**Cynthia Woodyard**  
**Brittany Robison**  
**Karen Ward**

# Solar Projects for Talquin Electric Cooperative Members Underway

Three utility solar projects are taking shape for Talquin Electric Cooperative members. The projects are being developed by Origis Energy and will be constructed, owned, and operated by Origis. The solar projects will deliver clean energy at competitive rates under Power Purchase Agreements (PPAs) executed between Talquin Electric Cooperative, Seminole Electric Cooperative, and Origis.

Today representatives celebrated the start of construction for the three projects. FL Solar D1 - Hinson Solar, a 4 MWAC project, is located in Gadsden County, FL. FL Solar D2 - Hilliardville Solar, a 2 MWAC project, is located in Wakulla County, and FL Solar D3 - Bristol Solar, with a capacity rating of 0.63 MWAC, is located in Liberty County. Construction is slated for completion in the first quarter of 2022.

“At Talquin Electric, we are doing our part to provide clean energy to Members so we can all benefit from a clean environment,” said Tracy Bensley, General Manager at Talquin Electric. “These three projects will provide enough clean energy to replace fossil fuel-generated electricity for up to 1,400 homes in our area. We appreciate and value the commitment Seminole Electric and Origis Energy have provided to Talquin Members in making these projects a reality.”

Talquin Electric Cooperative’s wholesale power provider, Seminole Electric Cooperative, is pleased to support the project.

“Seminole’s purpose is to provide essential wholesale services to our Members, like Talquin, through a balanced, diversified portfolio of safe, affordable, and reliable energy resources. As technology continues to advance and as the price decreases, solar is increasingly becoming a part of our power portfolio. We are proud of Talquin’s service to the community and excited to be a part of this effort,” stated Seminole Electric Cooperative.

“Leadership at Talquin is tapping into the power of solar to deliver cost-effective, clean energy to the grid,” said George B. Reed III, Vice President, Distributed Generation at Origis Energy. “We look forward to the completion of the solar projects to provide clean power to the Talquin Members for many years to come.”

# Short & Sweet Recipe

## Key Lime Cake

(from Youth Tour student Sara Manspeaker)

### Cake:

2 boxes of lemon cake mix  
1 package of lime Jello  
Lime zest

Follow directions on box to prepare cake; add Jello and lime zest. Bake in three 9 inch pans.

1. When cake is cool, crumb coat each cake with frosting and assemble three cakes on top of each other.
2. Cool in the refrigerator for 15 minutes.
3. Finish frosting cake with remaining frosting.

### Frosting:

1 - 8 oz cream cheese, softened  
1 - 16 oz container of Cool Whip  
1 - 4 lb bag of powdered sugar

To make frosting, mix the Cool Whip, powdered sugar, and cream cheese.

## SUBMIT YOUR RECIPES

If you have some tasty recipes that you would like to share, submit them to us at TradingPost@talquinelectric.com, drop them off at any of our Member Service offices, or mail to us at PO Box 1679, Quincy FL 32353.

## Happy Retirement Denise

Denise Stewart spent her 12-year career at Talquin, assuring members had safe drinking water and wastewater treatment met the highest standards to protect the environment. Before Talquin, Denise spent 13 years at Pinellas County, where she started in the accounting department but quickly moved to the wastewater operations side. Denise received her first level wastewater treatment license in 2002 and diligently increased her wastewater licenses. She then moved on to obtain her drinking water license.

Denise is looking forward to taking it easy in retirement and no longer having to wake up to an alarm clock. She plans to move to Virginia to be with her family and experience four seasons of weather again. In her newly found free time, she plans to volunteer to assist animals in need.

Talquin will forever be grateful for Denise's dedication as a water and wastewater operator.

## EARTH DAY IS APRIL 22

Although we should take care of the planet every day, Earth Day is the perfect time to integrate new, green practices into your daily life. Small changes can add up to a big impact!

- Replace inefficient incandescent light bulbs with efficient LEDs. Doing this can reduce your carbon footprint by 450 pounds a year!
- Carpool, ride your bike, use public transportation, or drive an electric or hybrid car. Reduce your carbon footprint by one pound for every mile you do not drive a gas-powered car.
- Change your paper bills to online billing. You will be saving trees and the fuel it takes to deliver your bills by truck.
- Run your dishwasher only when it is full to save water and energy.
- Did you know Talquin offers complimentary energy audits to Members? Call (850) 627-7651 for more information.

## APRIL IS SAFE DIGGING MONTH

Did you know you need to dial 8-1-1 before beginning simple household projects?

Call 8-1-1 before:

1. Installing a fence
2. Planting a tree or shrub
3. Building a deck or patio
4. Installing a mailbox

Digging without knowing the approximate location of underground utilities can result in damage to electric, water, sewer, gas, and communications lines, which can lead to service disruptions, serious injuries, and costly repairs. Know what is below. Call before you dig!

## April 13th is Go Orange Day!

All roadway safety professionals across the country are encouraged to wear orange to proudly show their support of work zone safety. Go Orange Day and National Work Awareness Zone Awareness Week (April 11-15, 2022) is an important time to show your support of the roadway safety industry, especially to the families of victims who have lost their lives in work zones.

Work zone safety is in your hands!

Slow down and stay focused while driving, especially in work zones. Their lives depend on it!
