Hello Annual Meeting and Best Wishes, President Durden!

The 2020 Annual Meeting became one for the history books when Talquin's Board decided to host drive-thru voting and a virtual business meeting. The 2021 Annual Meeting will mark another

Tracy Bensley
General Manager

historical event for the co-op as Talquin's Board elected to utilize mail-in voting for the first time. Up until last year, Talquin's Bylaws only allowed for in-person voting, but during the 2020 Annual Meeting, Talquin's Membership voted on Bylaw changes that include a process to facilitate mail-in voting.

Although we will miss seeing you face-to-face at the Annual Meeting, the safety of our Members and staff are of the utmost importance to Talquin. Mail-in voting will allow the Membership to conduct co-op business, while remaining safe. This year, your Annual Meeting Notice will include a ballot and prepaid, addressed return envelope in addition to the usual notice and Trustee information. Each ballot contains its own unique barcode. We have partnered with Survey & Ballot Systems, an election management firm, to tally the votes. More information on mail-in voting can be found on page 3.

Not only will Talquin have a history-making 2021 Annual Meeting, but also, President Carrie Durden is retiring from Talquin's Board of Trustees after 26 years of elected service and after making some history herself. President Durden was the first woman to hold the Board's Presidency and the first woman ever elected to serve on Talquin's Board.

In her tenure, she has remained completely dedicated to the proper governance of the Cooperative, always ensuring the right thing is being done for the right reasons. President Durden has always pushed for transparency and encouraged Member engagement knowing that these factors, combined with sound business practices and fiscal responsibility, ensure Talquin remains committed to the seven cooperative principles that established the Cooperative.

In addition to providing leadership in Talquin's Board room, she has also provided her leadership talents on Boards and with organizations that help support Talquin—the Florida Electric Cooperatives Association, Seminole Electric Cooperative, and the National Rural Electric Cooperative Association. President Durden led Talquin through some of Talquin's biggest and greatest changes and challenges, and we will miss her passionate leadership! Thank you, President Durden.

2021 ANNUAL MEETING

Although it may be hard to believe, it is time for our 81st Annual Meeting! At last year's Annual Meeting, Talquin's Membership voted on Bylaw changes to facilitate mail-in voting. This year, Talquin's Board of Trustees elected to utilize mail-in voting for the 2021 Trustee elections. Keep an eye out for the Annual Meeting Notice, which will be mailed directly to you in the next couple of weeks. In addition to information about the virtual Annual Meeting and mail-in voting, your Annual Meeting Notice contains your mail-in ballot and a pre-paid, addressed return envelope. Survey & Ballot Systems, a third party election management firm, will count ballots. Please do not drop off or mail any ballots to Talquin offices. Only ballots received by Survey & Ballot Systems will be counted by April 14, 2021. For replacement ballots, please email Talquin at memberfeedback@talquinelectric.com.

In addition to utilizing mail-in voting, the 2021 Annual Meeting will be held virtually beginning at 2:00 PM on Saturday, April 24, 2021. Links to the Annual Meeting livestream can be accessed on our website, www.talquinelectric.com, or Facebook. Please call (850) 627-7651 or email memberfeedback@talquinelectric.com if you have any questions.

Earth Day is April 22

Although we should take care of the planet every day, Earth Day is the perfect time to integrate new, green practices into your daily life. Small changes can add up to a big impact!

- Replace inefficient incandescent light bulbs with efficient LEDs. Doing this can reduce your carbon footprint by 450 pounds a year!
- Carpool, ride your bike, use public transportation, or drive an electric or hybrid car. Reduce your carbon footprint by one pound for every mile you do not drive a gas-powered car.
- Change your paper bills to online billing. You will be saving trees and the fuel it takes to deliver your bills by truck.
- Run your dishwasher only when it is full to save water and energy.
- Did you know Talquin offers complimentary energy audits to Members? Call (850) 627-7651 for more information.

4. Installing a mailbox

Digging without knowing the approximate location of underground utilities can result in damage to electric, water, sewer, gas, and communications lines, which can lead to service disruptions, serious injuries, and costly repairs. Know what is below. Call before you dig!

Energy Efficiency Tip of the Month

Don't keep your refrigerator too cold. The Department of Energy recommends a temperature setting of 35 to 38 degrees for the fresh food compartment and zero degrees for the freezer. Make sure the refrigerator doors are sealed airtight to maximize efficiency.

Water Energy Efficiency Tip

Some manufacturers set water heater thermostats at 140 degrees, but most households usually only require them to be set at 120 degrees. Consider lowering your water heater's temperature to save energy and slow mineral buildup in the heater and pipes.

TALQUIN'S MERIDIAN HILLS REACHES TOP 5 IN GREAT AMERICAN WATER TEST

Last year, Talquin's Meridian Hills water system won the Florida Rural Water Association's (FRWA) statewide drinking water contest. This statewide victory qualified Meridian Hills to compete in the National Rural Water Association's Great American Water Test. Out of 26 entries, Meridian Hills finished in the Top 5 in the country! This was the third time Meridian Hills was selected as the best tasting water in Florida at the FRWA annual conference and the second time Meridian Hills has represented Florida at the national conference. Despite not winning the national contest this year, Talquin is proud to represent Florida!
