

TALQUIN WATER AND WASTEWATER INC
Quincy, Florida

RATE SCHEDULE - SEWER
SPECIAL PROVISIONS

USAGE OVER 100,000 GALLONS PER MONTH:

The Cooperative may refuse sewer service to connections whose monthly usage exceeds 100,000 gallons per month when service to such an account would limit the ability of the Cooperative to fulfill its other service commitments. The Cooperative may also implement special rates that recognize demand when accounts using over 100,000 gallons per month are serviced. The Cooperative may refuse to accept for treatment or require pretreatment of any wastewater it deems potentially harmful to its collection and/or treatment facilities.

SERVICE CHARGES: (System Capacity charge plus Connection Fee)

<u>(Based on water meter size)</u>	<u>SYSTEM CAPACITY CHARGE</u>	<u>CONNECTION FEE</u>
0.75 inch meter or smaller	\$ 8,300	The Connection Fee for all meter sizes shall be the greater of A) \$600 or B) Cost to construct, connect and meter sewer service lateral.
1 inch meter	\$ 20,750	
1.5 inch meter	\$ 41,500	
2 inch meter	\$ 66,400	When required, main line extension construction costs shall be paid as part of the Connection Fee.
3 inch meter	\$ 132,800	
4 inch meter	\$ 207,500	
6 inch meter	\$ 415,000	

SYSTEM CAPACITY CHARGE:

System capacity charge applicable when adequate treatment and/or system capacity available. If adequate treatment and/or system capacity not in place, applicant required to pay contribution in aid of construction to provide required treatment and/or system capacity.

MULTI-UNIT APPLICATION:

System capacity charge is determined by multiplying the total number of units times the applicable System and Connection Fees.

EFFECTIVE DATE: With billing commencing June 21, 2023
