The Talquin Electric Cooperative, Inc. and Talquin Water & Wastewater, Inc. Boards regularly schedule their workshops on the 1st Monday of each month and meetings on the 3rd Wednesday of each month at the Headquarters' Office in Quincy, FL at 6:30 PM. If necessary, an Executive Session may be held in conjunction with any regular meeting, special meeting, or workshop. Notice of any changes will be listed at www.TalquinElectric.com/About/Board-Meetings-Workshops/.

ENSURING RELIABLE ELECTRICITY AMID NEW CHALLENGES:

Joe Alexander
President

Tracy Bensley
General Manager

As a Member of Talquin Electric Cooperative, you can rest assured knowing that our primary mission is to provide safe, reliable, affordable electricity. Additionally, we are dedicated to maintaining transparency and keeping Members informed about both our successes and the challenges we face.

Our commitment to transparency is especially important as we approach October, which is National Cooperative Month. October is a time to celebrate the cooperative difference and the benefits co-ops bring to their communities. As we mark this occasion, we also believe this is a fitting time to discuss some of the significant issues affecting your cooperative and the broader energy landscape.

In May, the U.S. Environmental Protection Agency (EPA) issued a rule that affects energy production from power plants. If implemented, this rule may impact future access to reliable electricity for our local community and others across the country.

The rule sets new standards for existing coal and new natural gas plants, requiring them to install carbon capture and storage (CCS) technology. While CCS shows some potential for reducing carbon emissions, it has not yet been proven viable at the scale required by the EPA's rule for generating stations. Currently, no power plant in North America operates with CCS at the levels mandated by the EPA. Plants unable to meet these standards would have to shut down, limit operations, or switch fuels, which could affect the availability and cost of reliable electricity.

Renewable energy sources, such as solar, are an essential part of our energy mix. However, this resource's intermittent nature means we cannot rely on it alone, as the sun doesn't always shine. Therefore, having reliable power generation resources available at all times is crucial.

The timing of this rule presents additional challenges. The demand for electricity is growing, driven by the return of manufacturing to the U.S., economic growth, and the expansion of data centers. Meeting this rising demand while adjusting to new regulations will be a complex task.

Some states have already experienced rolling outages to mitigate the effects of insufficient generation, and further constraints on electricity supply could exacerbate this issue. The North American Electric Reliability Corporation has indicated that over the next five years, parts of 19 states may face a higher risk of power outages during peak demand periods.

Additionally, when electricity demand is high and supply is limited, costs increase. We are mindful of both reliability and potential cost impacts to Talquin Members.

Our goal is not to cause panic but to provide you with a clear understanding of the situation. As always, we are committed to finding the best solutions for Members. We are working with other electric co-ops and local, state and federal officials, as well as the National Rural Electric Cooperative Association (NRECA) and our power supplier, Seminole Electric Cooperative Inc., to address these challenges and ensure a stable energy future for our community.

Electric cooperatives like Talquin serve 42 million Americans. Our top priority is to meet your energy needs with safe, reliable, affordable electricity. During National Cooperative Month, we reaffirm our commitment to Talquin Members and our community, working together to power a brighter future.

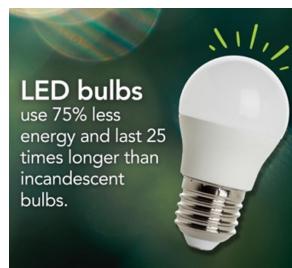

IMPACTS OF THE EPA'S POWER PLANT RULE

The Environmental Protection Agency's (EPA) power plant rule threatens access to reliable electricity for millions of Americans. The EPA's power plant rule will:

- 1 Force the premature closure of many power plants that currently provide electricity 24/7.
- 2 Mandate the deployment of unproven carbon capture and storage technology.
- 3 Jeopardize the reliability of the grid at a time when America is already facing a surge in electricity demand.
- 4 Heighten the risk of rolling power outages to relieve pressure on the electric grid.
- 5 Increase costs for consumers as utilities are forced to pay for new power generation to comply with the EPA rule.

LED bulbs
use 75% less
energy and last 25
times longer than
incandescent
bulbs.

October 7th is LED Light Day

When it comes to bright ideas, LED bulbs are a no-brainer! They last longer and use far less energy than other bulbs. Make the switch to LEDs and start saving.

Youth Tour & Scholarships

COMING SOON: 2025 Applications

Applications will be available starting Monday, October 21, 2024. Up to \$15,000 in scholarships will be awarded to twenty-four rising young leaders from Gadsden, Leon, Liberty, and Wakulla Counties. If you or someone you know are interested in applying, applications will be available on our website at www.TalquinElectric.com under the "About" section or by emailing YouthTour@TalquinElectric.com.

Please note: Additional information will be provided in the November/December edition of The Current.

October is National Cybersecurity Month

October is National Cybersecurity Month, and we want to remind all Talquin Members to stay alert for potential scams. Recently, we've seen an increase in fraudulent calls where scammers impersonate Talquin employees. These callers can "spoof" Talquin's phone number, making it appear on your caller ID as though the call is legitimately from us. It's important to know that these calls are not authorized by or affiliated with Talquin.

We will never call you to demand immediate payment on a utility bill or make unsolicited calls to schedule energy audits. Our employees always drive clearly marked vehicles and can provide Talquin-issued identification upon request. If you receive a suspicious call, report it immediately to Talquin and local law enforcement. Remember, never share your account number, credit card, or bank information with anyone who contacts you unexpectedly.

As we observe Cybersecurity Month, let's all take extra precautions to protect our personal information and remain alert to potential threats.

MOVE OVER – IT'S THE LAW

Did you know Florida expanded the "Move Over" law in January 2024? The revised law now mandates drivers to provide space for all disabled vehicles on the road, extending its coverage to include vehicles displaying warning lights, using emergency flares, or having visibly present persons. Previously, the law only applied to emergency vehicles like tow trucks and utility vehicles. This expansion aims to enhance road safety and reduce the number of fatalities among stranded motorists and roadside workers.

CUSTOMER
REVIEWS

Coming Soon! Talquin Member Survey

The 2024 Member Survey will open in November. The Survey will be available on our website and will be emailed to Members that have provided an email address. As a Member of Talquin Electric Cooperative, Inc., your opinion, satisfaction, and input is important to us. We look forward to hearing how we can serve you better. Your Co-op, Your Voice!

THE POWER OF PREPARATION

September is National Preparedness Month. Even at a modest level, being prepared for severe weather and other emergencies can help keep you and your family safe. Here are a few practical tips to help you get started.

- MAKE A PLAN** – Talk to your friends and family about how you will communicate after a disaster.
- BUILD A KIT** – Gather supplies that will last several days after a disaster for everyone in your home. Don't forget to consider each person or pet's unique needs in case you must evacuate quickly.
- LOW-COST, NO-COST PREPAREDNESS** – Limit the impact of disasters on you and your family. Know the risks of disasters in your area. Learn how to strengthen your home in the face of storms and other common hazards. Check your insurance coverage to make sure it is up-to-date.
- TEACH YOUTH ABOUT PREPAREDNESS** – Talk to your kids about preparing for emergencies and what to do in case you are separated. Reassure them by providing information about how they can get involved.

FIRE PREVENTION WEEK

October 6-12, 2024

In a fire, seconds count.

- Practice your home fire drill with all occupants twice a year (visit each room and find two ways out)
- Make sure your home has working smoke alarms
- Teach children how to escape in case you can't help them
- Close doors behind you as you leave — this may slow the spread of smoke and fire
- Once you get outside, stay outside

Helping the Helpers

Concern for community is one of our foundational cooperative principles, and we value the opportunity to partner with local organizations within the communities we serve.

Since 2012, Cobank has been able to fund \$86 million in combined donations with the Sharing Success Grant program. This unique program gives cooperatives the chance to apply for grant funding for local community-centered efforts.

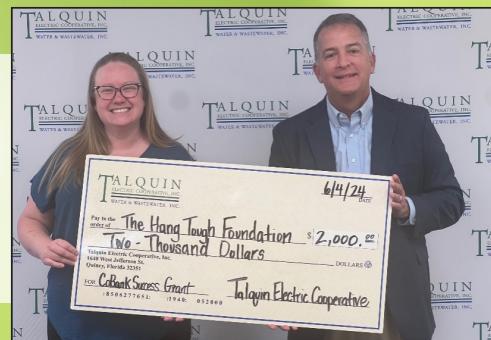

We are happy to announce all four of this year's grant applications were awarded. Talquin's deserving recipients were the American Cancer Society (\$6,198), Big Bend Hospice (\$2,000), Ferst Readers of Gadsden County (\$4,000), and the Hang Tough Foundation (\$2,000).

Join us in thanking both Cobank and these local organizations for the wonderful work they do. Talquin Electric Cooperative is proud to support their noble efforts and continue serving those who serve our community.

Left to right: Tracy Bensley, Dena Strickland

Big Bend Hospice provides a full range of programs and services to patients with advanced illness, and their families, throughout the Big Bend area. Compassionate care and quality-of-life programs are available to anyone with an advanced illness for whom the services are appropriate and who elects to receive them. This year's grant helped support Big Bend Hospice through their largest annual fundraiser – the Spring Fling.

Left to right: Caroline Blythe, Tracy Bensley

The Hang Tough Foundation was established to provide an encompassing approach to taking care of the entire family that has a child (ages 0 – 21) affected by a chronic or life altering illness and special needs in the Big Bend area. The Cobank grant helps the foundation reach not only Leon county, but also the parts of the Big Bend, serving Gadsden, Liberty, and Wakulla counties.

Left to right: Jonathan Temples, Beatriz Tovias, Mike Harper, Carlye Collison (ACS), Elaine Marchant, Janice Papy, Tracy Bensley, Ryan Dodson

The American Cancer Society is the only organization that integrates advocacy, research, and patient support to measurably improve the lives of cancer patients and their families. Their vision is clear and focused-- to end cancer as we know it. Showing the true cooperative spirit, in addition to the generous Cobank grant, Talquin's Leadership Academy jumped on board this year to help Talquin's fundraising efforts.

Talquin Water & Wastewater Collaborates with the City of Midway on Septic to Sewer Project

Talquin Water & Wastewater is pleased to announce our new partnership with the City of Midway, to provide sewer treatment services for the city's innovative septic-to-sewer project. This collaboration represents a significant step forward in enhancing environmental and public health standards for Midway residents.

The project's initial phase will serve 128 residences by converting existing septic systems to centralized sewer systems. This change will greatly reduce the risk of groundwater contamination and improve the overall quality of life for the community.

Talquin is dedicated to delivering reliable and efficient water and wastewater services. Our agreement with the City of Midway underscores our commitment to supporting sustainable infrastructure projects that benefit both the environment and the communities we serve.

Phase one of the project is just the beginning, with plans for future expansions to extend these vital services to even more homes in the area. We will continue to work closely with Midway officials and residents to ensure a smooth transition and successful implementation.

Talquin Water & Wastewater is excited about this partnership and proud to contribute to this crucial initiative to improve the community's wastewater management systems.

Left to right: Dr. Henry Grant, City Manager; NanDrycka King Albert, District 3 Councilwoman; Ella Parker Dickey, Mayor; Tracy Bensley, Talquin General Manager; Dr. John Hallas, Talquin Director of Water Services

Unclaimed Capital Credits

Some Capital Credit retirements are unclaimed from the December 2023 general retirement and other estate retirements. If your name is listed here, please contact us to verify ownership and provide a current mailing address to send the funds. This list can also be found on our website. If you believe you know the current address of someone listed here, please have them contact us. If you recognize the name of a deceased family member and wish to file a claim for the capital credits, please review Capital Credits on the Talquin website under Services.

It's important to keep your mailing address updated with Talquin, to ensure you receive all communications including general retirement checks.

Fall Favorites

Wild Rice Soup

Recipe from Talquin Member, Autumn Johnson

Perfect for the cooler autumn days we all long for this time of year, Autumn's recipe is sure to be a crowd pleaser.

Ingredients:

6 cups chicken or vegetable broth	1 small white onion, diced
1 cup uncooked wild rice	1 bay leaf
8 ounces baby Bella mushrooms, sliced	2 teaspoons Old Bay seasoning
4 cloves garlic, minced	1 14 ounce can unsweetened coconut milk
2 medium carrots, diced	2 large handfuls kale, chopped
2 ribs celery, diced	Salt & pepper to taste
1 large sweet potato, peeled and cubed	

Combine all ingredients (except coconut milk & kale) in crockpot and cook on high about 4 hours or until potato and rice are fully cooked. Remove bay leaf. Add coconut milk and kale.

ATTENTION TALQUIN FOODIES: WHAT'S COOKING IN YOUR KITCHEN?

We are in the market for some of YOUR favorite recipes to be shared here in our bi-monthly newsletter. If you like to cook, bake, or have a scrumptious family recipe you'd be willing to share, please send it our way! Submit your culinary delights to us at TradingPost@TalquinElectric.com, drop them off at any of our Member Services offices, or mail to us at PO Box 1679, Quincy FL 32353.

Meet The Team!

Talquin Water and Wastewater Construction & Maintenance Operators

Pictured above, left to right; Front row: Eugene Reynolds, James Macon, Brandon Griffin, Jerrad Smith
Second Row: JW Ouzts, Dewey O'Conner, Will Poston, Michael Smith, Henry Wiggins

Talquin's Water & Wastewater Construction and Maintenance Operators team serves Members across 25 water systems and 6 wastewater systems. These skilled operators manage new construction and maintain our infrastructure, ensuring water flows smoothly from our well sites to your homes. They handle everything from tanks and mains to individual services, meters, and fire hydrants. To keep our systems reliable, this team monitors, inspects, and tests water quality, while also addressing any concerns from Members. These employees are on call 24/7, ensuring access to clean, safe drinking water for everyone.
